Alana - Gold Bar 3

A – active
L – loyal
A – adaptable
N – neat
A – amazing

Congratulations, you have made it to Gold Bar 3. You are one of the kindest girls I have ever met. Your gorgeous smile and positive attitude are part of you every day. Learning at school with you is more enjoyable because of the fun we have together. You always stick by my side and when I am sad you always have a way of cheering me up. I am so glad you have received this award. You have worked so hard for this and should be extremely proud of yourself. Well done Alana, I am proud to call you my friend. From Eliza

Rebecca – Gold Bar 3

Well done Rebecca for reaching your Gold Bar 3! You have been at this school since kindy and have made an impact on many lives. You have worked very hard for this and deserve your GOLD BAR 3!

Congrats Rebecca, you have done so well and we love you dearly. From Charlotte and Olivia.

Lane – Gold Bar 3

Loyal
Amazing
Nice
Enthusiastic

Lane is a great mate, he is always there when you need him! Lane is a very respectful and kind person who is nice to everyone. Lane is an athletic person; he has been a member of the PSSA cricket team, AFL team and has been captain of the NRL team which was very successful. Lane is a guy that always has your back and will always support you. We feel really proud, lucky and grateful to have him as a mate. By Cameron and Jack.

Jesse – Gold Bar 3

Jesse you finally made it with 3 days left of school. He is the kind of guy that will always talk to you if you need to have a chat and if you're sad or lonely he will always come and make sure you're OK. He has been my friend for over 2 years and whenever I see him at horse events he will always ask, "Do you want to come for a ride?" He is a very good horse rider. His is strong and tough even though he isn't so big. He was in the AFL team this year and before the game he would always say, "I want to tackle the biggest kid on the team". He was the sports captain of Cook and did toast and reading hub. He has done a lot of good things for this school. Great work Jesse.

From your mate Jack.

Alison – Gold Bar 3

Bronze, silver, gold, gold bar 1, gold bar 2 and now, you're at your GOLD BAR 3. What an awesome way to finish year 6. You are so deserving of this accolade. Alison is kind, smart, funny and an amazing friend to all. She's always there when needed and is reliable. Alison makes some of the most boring times fun, and can always put a smile on your dial. If you know Alison, you would know that she has a friendly, silly and all round awesome personality. We are so grateful to have your friendship and we love all the fun times we share together. By Esther and Fienne.

Cameron – Gold BAR 3

Cameron is funny, loyal and good looking. He is great at cricket, AFL and when he gets hold of a microphone, watch out! He is the smartest dude we've met. Good on you Cameron! Greatly deserved. By Jack, Lane and Koby

Ulladulla High School Taster Day

On the 3rd of December the Year 6 students attended a taster day at the high school. They participated in many activities such as maths, science, sport, cooking and music.

During music the year 6's got to play lots of instruments. It was really fun and they also got to play parts of songs. This was a very enjoyable day and we all had lots of fun and different experiences.

Jade 6E

When we went to the hall for indoor sport I was excited for Hunger Games Dodge Ball because my friends had told me how much fun it was. While the teacher was explaining the rules I was thinking in my head, "I'm gonna get a lot of people out if I stay in the corner." It was a great day and I think everyone loved it because of all the activities.

Jackson 6E

At UHS one of the three activities that I was lucky enough to experience was cooking. In cooking we were making pizza rolls. The smell of the melting cheese made me feel excited to eat them. They tasted amazing and warm. As I bit into it I could hear the loud crunch which left me wanting more. They looked like mini pizzas and as soon as I had the first bite you couldn't stop me from smashing down the rest.

Ava 6E

Agriculture was fun. I liked it the most because we were outdoors and hands on. We saw all different types of chickens, such as Silkies, ISA Browns and many more. It was also very interesting learning about veggies and I learnt that cotton grows on a tree. Overall, it was a great day and we learnt a lot.

Weekly Tip:
Helping your kids feel special.

**The Fathering Project – TIPS
In December, our tips aim to equip
and inspire working dads.**

No matter how successful you are at work, your children are truly your greatest accomplishment. Work as hard on fathering as you do on your day job.

"Dad lets me come into work with him. We either have lunch or go on ward rounds where I get to meet all the patients. I like seeing the patients, especially Mrs Salvia - she's a special friend." - Amy Robinson, daughter of Fathering Project Founder Dr. Bruce Robinson.

- When you involve your child in your job, you create special memories.
- Taking your kids to your work engages them in your world and what you do - it's a great way for them to bond with you. Not only will you have more time together, but your child will begin to understand a bit more about who you are, what you do and why you do it.
- If they can't come into your workplace, chat with them about what you do at work – show them photos and explain how you contribute to the world and why it's important.
